

## Somebody Led Me Away

Loretta Lynn

You come in with the sun in the morning  
Like you've done so often before  
But you won't find me asleep on the sofa  
Exhausted from walkin' the floor.  
So while you were leading somebody on  
My heart was slippin' away  
While you were leading somebody on  
Somebody led me away.  
And this time the note on your pillow  
Will go one line more than I'm through  
For the guilt down feeling this time over leavin'  
It's there it's so easy to do.  
'Cause while you were leading somebody on  
My heart was slippin' away  
While you were leading somebody on  
Somebody led me away...
