

Sometimes I Go Crazy

Loretta Lynn

Late at night, memories won't let me be
Moonlights and starlights and you lovin' me
I know it's all over, but when will it end?
Sometimes I go crazy to see you again

Sometimes I go crazy, I'm out of mind
To hold you and feel all the love we could find
But knowing you're gone nearly drives me insane
Sometimes I go crazy to see you again

Times I can still hear you call out my name
Your sweet voice and laughter still pound in my brain
This feeling I'm feeling has just got to end
Sometimes I go crazy to see you again

Sometimes I go crazy, I'm out of mind
To hold you and feel all the love we could find
But knowing you're gone nearly drives me insane
Sometimes I go crazy to see you again
