

# Spiders And Snakes

Loretta Lynn

I remember when Loretta Lynn  
Said, "You wanna walk me home again?"  
And I said, "Hmm, yes, I do?"  
And she said, "Well, I don't have to go right home  
And I'm the kind that don't want to be alone  
If you would, I would too?"

And so we took a stroll  
And wound down by the swimmin' hole  
And she said, "Do what you wanna do, I don't care?"  
I got silly and I found me a frog  
In the water by a holler log  
I shook it at her and I said, "Loretta, this frog's for you?"

I don't like spiders and snakes  
And that ain't what it takes  
To love me like I want you to  
I don't like spiders and snakes  
And that ain't what it takes  
To love me like I wanna be loved by you

Well, I think of that girl from time to time  
And I phone up when I got me a dime  
And I say, "Hello baby, ain't you cool?"  
She said, "Do you remember when  
And would you like to get together again?  
Hope you do, hey, I'll see you after school?"

Well, I was shy and so for awhile  
Most of my lovin' was touch and smile  
'Til she said, "Come on over here, I don't care?"  
I was nervous as you might guess  
Still lookin' for somethin' to slip down her dress  
And she said, "Evidently, Conway  
You don't know why we're here?"

Yeah, I don't like spiders and snakes  
And that ain't what it takes  
To love me like I want you to  
I don't like spiders and snakes  
And that ain't what it takes  
To love me like I wanna be loved by you
