

Sweet, Sweet Daddy

Loretta Lynn

When a young girls leaves her home, it's always sad
But she dreams of things of her own and she wants them so bad
But feeling down in a big old town
Looking for the kind of friends that can't be found
Has her standing in line for the early flight back home

Singing "Sweet sweet Daddy
Your big-time girl is comin' home"
Greener pastures didn't last long
Lookin' down there at Cadillac Farm
People, let me tell you that's my Daddy's farm
Bring it down easy and slow
That's as far as I go

Memories of a boy she knew back home aren't bad
Kind of feels she didn't realize just what she had
So she calls him on the phone and says "I want to see you at home"
Then she steps aboard the early flight back home

Singing "Sweet sweet Daddy
Your big-time girl is comin' home"
Greener pastures didn't last long
Lookin' down there at Cadillac Farm
People, let me tell you that's my Daddy's farm
Bring it down easy and slow
That's as far as I go

Bring it down easy and slow
That's as far as I go
