

Free Up

Los Lobos

Alarm clock's broken
I gotta quit smoking
Dog done gone
But everything will be fine

Car's got a flat
There's a hole in my hat
Cash done gone
But everything will be fine
Help me out, brother

Free up
Come on, free up
Gotta free up
Free your mind

Free up
Free up
Free up

When it comes my time
(Free up)
You won't find me crying
'Cause when I'm gone
Everything will be fine
Sing it brother

Free up
Come on, free up
Just free up
Free your mind

Ooo, now free up
Come on, free up
Just free up
You will find

When it comes my time
Won't find me crying
When I'm gone
Everything will be fine

Free up
Come on, free up
Free up
Free your mind
(Come on, free up)

Free your mind
(Free up)
You will find
(Free up)

Free your mind
(Free up)
Everything will be fine
