

I Believed You So

Los Lobos

Well I never lost faith in your sweet voice
You're telling me things, well I had no choice
And I believed you baby, oh yeah I believed you so
And now I'm not so sure, I'm gonna move on you know
I've got to go

I walked around in clouds, thinking of your smile
You know I was so sure, for a long long while
And I believed you baby, oh yeah I believed you so
And now I'm not so sure, I'm gonna move on you know
I've got to go

Well I've got a bad nasty feeling, you running 'round
Hurting my pride, with every man in town
And I believed you baby, oh yeah I believed you so
And now I'm not so sure, I'm gonna move on you know
I've got to go
