

Mis-treater Boogie Blues

Los Lobos

She's a mean mis-treater treats me bad
Rips my heart out and leaves me sad
I can't stand it, the way she do
I can't stand it, the way she do

Getting tired of your evil ways
Leave me alone woman I just can't stay
I can't stand it, the way she do
I've got those mean mis-treater boogie blues again

One day child, make no mistake
You better take cover, for your own sake
I can't stand it, the way she do
I can't stand it, the way she do

Getting tired of your evil ways
Leave me alone woman I just can't stay
I can't stand it, the way she do
I've got those mean mis-treater boogie blues again
