

Change The World

Los Lonely Boys

Ooh yeah yeah yeah
Oh here lately things are really crazy in the world today
People are hungry
And no one seems to care unless they're getting paid
It's kind of alarming
Robbing all the children of their youth it's a shame
The future is fading
If we come together we can break these chains
Looking around me bullets flying, people dying everyday
A colorless picture, an image of the hate why do we live this way
Why are we quick to point the finger, slow to take the blame?
If you get it together, you can make a difference you can make a change
Yeah yeah
You can change the world
(Oh I said you can change it)
If you can change yourself
(First you've got to change yourself now)
You can change the world
(Oh I said you can change it)
If you can change yourself
(First you've got to change yourself)
Why don't we pray for love?
Let's pray for something real
Why don't we pray for you and me?
Why don't we pray to make a change?
You can change the world
(Got to believe you can change it)
If you can change yourself
(First you've got to change yourself now)
We can change the world
(I say together we can make a change)
If we can change our ways
(Oh we got to change our ways)
