

# I Let You Think That You Do

Los Lonely Boys

You ain't fooling me  
Well, you'll try but you'll lose  
You ain't fooling me  
Well, you'll try but you'll lose  
You ain't fooling, ain't no fooling me  
I let you think that you do  
I let you think that you do

Nobody using me  
Well, you'll try but you'll lose  
Nobody using me  
Well, you'll try but you'll lose  
Ain't no using  
You can't use me  
I let you think that you do  
I let you think that you do

Well, I let you think  
What you wanna think it's true  
Yes, it's true baby  
Keep on telling lies  
With your best disguise  
Ain't no fooling me  
I let you think that you do

You ain't refusing me  
Well, you'll try but you'll lose  
Ain't no refusing me  
Well, you'll try but you'll lose  
No refusing  
Can't refuse me  
I let you think that you do  
I let you think that you do  
I let you think that you do  
I let you think that you do  
I ain't nobody's fool
