

## Love In My Veins

Los Lonely Boys

Feels like December baby  
When I'm not with you  
And when I think about you  
I start to shiver, I start to lose my cool  
Yeah yeah yeah  
I can't remember baby when I got hooked on you  
There's just no way to hide it  
I won't deny it, your love I can't refuse  
No no no baby

I got your love baby, deep in my veins  
You're my prescription, you heal my pain  
I got your love, I got you in my veins  
Without your love darlin' I go insane  
I get this feeling I can't explain  
I need your love, I need you in my veins

Mujer querida tu eres mi vida mi corazon,  
Baby te quiero sin ti me muero  
You know I need you baby in my arms

I got your love baby, deep in my veins  
You're my prescription, you heal my pain  
I got your love, I got you in my veins  
Without your love darlin' I go insane  
I get this feeling I can't explain  
I need your love, I need you in my veins [x2]  
Yeah yeah yeah
