

Mr. Green The Smoker's Delight

Los Retros

I keep the can cause I can man
I pan the sound that makes the cats mad
I'm a fool cause I eat tuna and there's nothing I can't eat
So this treat makes me full sooner...
Call me doofus cause I am one
Probably musty so I must be looking like... crusty
Man not really but my message is simple
No need to worry just join me in the kids pool
The universe waits to be discovered, no ritual
Consideration is mutual and then it is sinful
Knowledge is worth keeping over money, making bins full
I been full of this bullshit...
Making music again
