

Never Have Enough

Los Retros

I'll never leave your side
I'll stay forever (forever)
I can't go back
It's rainy weather (rainy weather)
Close the curtains, my love
We are happy ending (happy ending)
Too good to be true
How can someone like you
Ever care?

Could never have enough
Never have enough
I never have enough
Never have enough

You're all I think about
You're all I have left (all I have left)
If the universe says "No"
Then I say "Yes" (I say yes)
I wanna wake up every day
Wake up next to you (next to you)
We can do whatever you want
It's all up to you

Could never have enough (never baby)
Never have enough (never get tired)
I never have enough
Never have enough
