

Calm Down

Loski

Back up, ayy Back up
Might go bang and attack it, we love passa
Rick Flair Drip, My diamonds, they look mazza
Baller like I'm Kaka
Shotta, I'm not a spragger
You know the ting, Sparta we're the realist ones
Them man are brass, can't get near my funds
OnDrills or LM might pierce your lungs
And I can not stand them boys
How you make a drill song and they ain't scored no points?
Disgusting
Leave that, punctured
Loski Loose
Splash, I love it
Opp is an opp
Don't tell me about cousin
I do not get it, had your ting and still running
All the man in jail, they jugging or still bussing
Ball till we fall
These hunnas gon' keep coming
These hunnas gon' keep comin

Calm down, ay calm down
Can't show waps on the snap, I show the buss down
Do it in the night how we do it when the suns out
Love me from time but I think she love me more now
Calm down, ay calm down
Can't show waps on the snap, I show the buss down
Do it in the night how we do it when the suns out
Love me from time but I think she love me more now

Fashion driller
Splash man, and thats for jigga
Anytime for broski
Gyal said they love me
I'm flashy and I'm boasy
Show 40 bags now the gyal wanna hold me
No b, we splash up them yutes
Bankroll baby but the bros call me loose
We had Mad Max stepping out like the baddest of yutes
What the fuck I mean "like"?
We the baddest for true
Light brown and bouj
Say it twice and she cute
Get the drop on yourself
The .45 I had to shoot
Pissed that he never got bun
Man are chatting like they do it
And then Forrest Gump
Valentino Bopper
Only right I stunt
Blue face only got my left wrist numb
I know your man can't get him one
Holla if you're shotting any waps
I know it sound hot but them shottas haffi clap
Loski Loose
Young boss on my flats

All you broke opps
Catch up you man are brass
I ain't beefing you if you ain't seen 50 bags

Calm Down, Ay calm down
Can't show waps on the snap, I show the buss down
Do it in the night, how we do it when the suns out
Love me from time but I think she love me more now
Calm Down, Ay calm down
Can't show waps on the snap, I show the buss down
Do it in the night, how we do it when the suns out
Love me from time but I think she love me more now

Calm Down, Ay calm down
Can't show waps on the snap, I show the buss down
Do it in the night, how we do it when the suns out
Love me from time but I think she love me more now

Calm Down, Ay calm down
