Givin' out full stops, endings
You ain't never had a shank fight, that's like fencing
Roll out on opp boys, they caught fences
Tweakin', we'll pull up like who said shit?
Tear drops when bro died, he a legend
But my block and get him pressured, bit of shock and some depression
While you was in detention, I was trappin' tryinna get it
When they see Y2 and 2 g's, they start jettin'

All this money got me braggin', big addiction up in Harrods
My accountant give advice, but I don't listen I keep splashin'
It's the life that I live, fat bill lookin' mazza
I don't do the mannequin, I got a tax man challin
OnDrills or LM, you won't know who's slapping
Love gyal like new cannons, break hearts, all tragic
Sorry boo, known gyalist, Louis runners, lookin' swaggest
Spike Loubs, look the maddest, buyin' Fendi, gotta have it
