

Yeah, chrome heart, chrome G lock
Chrome heart, chrome G lock, ooh, ooh, ooh, yeah, yeah

Chrome heart, chrome G lock
Ridin' boy, we get the streets hot
Yeah, stolen car, watch 'em speed off
Yeah, nowhere is safe from these locks
Ooh, ooh, ooh, girl, you've been playin' with my moo-oo-oo-ood
Diamonds on my body keep me coo-oo-oo-ool
And I've been like that from a school
Mama never raised no fool (Yeah, yeah)

I'm sorry, I never meant to hurt you
They slide and we slide and do it worse too
I seen niggas run home like they got curfew
Get the drop, they outside and we gon' swerve through

Said she don't do rappers, now she in love with a rapper
Think I'm just a rapper, I turn trooms or a spragger
Bangin' for the gang, that nigga died on his own
Yeah, diamonds on me hittin', I'm a walkin' attacker
Lookin' at me shy, but I know this is what you want
Champagne and Louis V, pick out what you want
Drillers in their feelings when they listen to my songs
That's my jigga, I don't care if he's wrong

Chrome heart, chrome G lock
Ridin' boy, we get the streets hot
Yeah, stolen car, watch 'em speed off
Yeah, nowhere is safe from these locks
Ooh, ooh, ooh, girl, you've been with my moo-oo-oo-ood
Diamonds on my body keep me coo-oo-oo-ool
And I've been like that from a school
Mama never raised no fool (Yeah, yeah)

I'm sorry, I never meant to hurt you
They slide and we slide and do it worse too
I seen niggas run home like they got curfew
Get the drop, they outside and we gon' swerve through
