I hit it and leave  
Wave that arm like he's playin' a Wii (Muh, muh)  
It must be Ski  
O Supreme that's Naghz and me

Done my man like a right back  
Should've said Amiri, they both got rips  
Three darlings, two on me

Now I'm going back and forth with Naghz  
And he's telling me rap, I'm telling him safe (Wait, wait, wait)

Scales supreme, if not you're a fucker  
The cats ran from me when I was the runner  
Bro on a hop-out, spread it like butter  
Drill it and dance, muh, ask, whoosh, rass

Why would he lie about work?  
The cam got birds, he said that it hurts  
Vicious yinging, who did it?  
Hit that one time, then I go missing  
Dead gyal kick to the curb  
They chat like gyal like give him a purse

Still around violent dogs  
I've damaged my thought process  
Head, filled up with frightening plots  
Fresh home didn't care 'bout sex  
Naghz, how we gon' glide on opps (Come)  
And no we don't splash and brag  
Double S, hashtag the silent squad (Double S)  
Still the most wanted tugs

In with corrupted govs (Blah)  
Trials and tribulations, been hard as Spartan tug  
Cuz, we're not the same, you mug

You heard the same sound at the end of EastEnders  
Chase money on the streets  
Cah I'm from poverty so no matter what it means, gotta get this  
If bro's getting money and bro's getting money, then I had to get money infection

How can a gal be rude and dead  
Make a boy get back or lose his breath (Get back)  
Four door but I love that 'ped  
Be-be slay, slay in the new Rolex (Slay, slay)  
Kodak the way he stick and move  
Nuff gyal want me, they want broski too  
Amiri the way he rip that yute  
Put bro in the front now he skid right through (Gone)

When you violate, turn on the engine  
With a tension, just to turn off opps  
Barbies at them parties  
Oh shawty, we gotta lock that off  
I'm a double S guy, O-N-L-Y, we ain't linked to a hundred blocks (One)
