

Look What I Did

Lost Boyz

(Divine always does it
LB Fam come thru and make it pop (LB)
What you talking bout over there on that side
Queens)
Look what I did with me (Lost Boyz)
Look what I did with me
Look what I did with me (we ain't a gang)
Look what I did with me
Look what I did with me

Yo yo yo
Yo I'm a muthafuckin' Lost Boy
Used to whine crazy like baby over some lost toys
But now I walk in the dealer like whats the cost boy
Got a couple chains and rings I am so frost boy
What's the 16 niggas walk around and they black flagging (LB)
Time to surface the serpent I am the last dragon
Without Leroy cops set up a decoy
You rusty ass niggas still needing WD-40
I can't understand you niggas like E40 (LB)
It's just a part of my nature for me to be naughty
Imma leave it where I started at
A lot of niggas mumbling words I want hip hop back
Man listen we take it way back
Them Lost Boy niggas never played that
If its money to be made my nigga
My nigga the money we done made that
Threw hands stole cars (LB)
Went thru wars of course and still hold scars
Like fuck the case
You wanna spill my pain well look at my face
Yea we lost a lot of fam niggas (LB)
Underground and inside the can niggas
So I'm tryna understand niggas
So here I stand niggas

Look what I did with me
I kicked the ass of poverty
From the streetz living properly
Fuck sneakers buying property
Look what I did with me
Used to do it for free
Now I'm paid a fee
And I'm repping Lost Boyz 'til the day I leave
Look what I did with me
Look what I did with me

Uh huh
I did the road 95 up and down
In and outta state hood to hood choppers and pounds
My ten toes down in the city wherever I'm at
You ever told on a nigga you forever a rat
The Lost Boyz is the team and BO at bat (LB)
The hammer tucked that's the lingo to know we strapped
If Jayball get the call then you know it's a wrap
And URL know 'cause they get it from Smack
I done stuck up a few dice games a few weed spots

I done got shot up then shot niggas for tryna get the drop
The drama will never stop because I'm hot
I'm giving it all I got taking it to the top with one shot, oh
Look at what I done for me (LB)
I stayed out of jail escaped the penitentiary, yeah
And I'm living my life without a care
And God got me so Imma take it there ya know

Look what I did with me (look at what I did with me)
I kicked the ass of poverty
From the streetz living properly
Fuck sneakers buying property
Look what I did with me (look at what I did with me)
Used to do it for free
Now I'm paid a fee (LB)
And I'm repping Lost Boyz 'til the day I leave
Look what I did with me
Look what I did with me

I took my time I planned this out
Straight off the block I picked my route
(Look at what I did with me)
Lost Boyz for life sharp as a knife
We rep LB look what I did with me
