

Before Today

Lost Frequencies

Oh, I let it sink in
Oh, till we share skin

Before today
Before today
Before today
Before today
Before today
Before today

You are the letter
You are the word
You are the phrase that I had not heard
Before today
Before today

You're the beginning
You are the end
You are the middle that I had to pretend
Was not missing
Before today

Oh, I let it sink in
Oh, till we share skin

Before today
Before today
Before today
Before today
Before today
Before today

It was worth it for today
It was worth it for today

Before today

Oh, I let it sink in
Oh, till we share skin

It was worth it for today
