

# Black & Blue

## Lost Frequencies

You always got an explanation  
Some hesitation  
Oh I know  
There's no need for all this tension  
You're not addressing  
But I know

You're talking with your body  
But your lips are saying different words  
You speak a different language  
Don't you understand how bad it hurts, baby?

So tell me what you want  
Tell me what you need  
Tell me what you're feeling when you're looking at me  
Tell me what to say  
Maybe it's too soon  
I'm swimming through the grey but I can't find you

Now I'm black & blue  
Now I'm black & blue

You say that you just don't believe me  
But now you're leaving alone  
But baby listen, do you hear me  
When I speak clearly about what I want?

You're talking with your body  
But your lips are saying different words  
You speak a different language  
Don't you understand how bad it hurts?

So tell me what you want  
Tell me what you need  
Tell me what you're feeling when you're looking at me  
Tell me what to say  
Maybe it's too soon  
I'm swimming through the grey but I can't find you

Now I'm black & blue  
Now I'm black & blue

Now I'm black & blue  
Now I'm black & blue  
Now I'm black & blue  
Now I'm black & blue

Now I'm black & blue  
Now I'm black & blue  
Now I'm black & blue  
Now I'm black & blue

So tell me what you want  
Tell me what you need  
Tell me what you're feeling when you're looking at me  
Tell me what to say  
Maybe it's too soon

I'm swimming through the grey but I can't find you

Now I'm black & blue

Now I'm black & blue

Now I'm black & blue

Now I'm black & blue

Now I'm black & blue

Now I'm black & blue
