

# Just Wanna Know

## Lost Frequencies

I just wanna know  
'Cause I want you so bad that it hurts my mind  
And I just wanna know  
'Cause I'm about to go mad thinking of you all the time  
And I just wanna know  
What the hell I could do to make you mine  
So just let me know, yeah, let me know now  
Just let me know, yeah, let me know

I just wanna know, I just wanna  
I just wanna know  
I just wanna know, I just wanna  
I just wanna know  
I just wanna know, I just wanna  
I just wanna know

I just wanna know

I just wanna know  
'Cause I want you so bad that it hurts my mind  
And I just wanna know (Just wanna know)  
'Cause I'm about to go mad thinking of you all the time  
And I just wanna know (Just wanna know)  
What the hell I could do to make you mine  
So just let me know, yeah, let me know now  
Just let me know, yeah, let me know

I just wanna know, I just wanna  
I just wanna know  
I just wanna know, I just wanna  
I just wanna know  
I just wanna know, I just wanna  
I just wanna know

I just wanna know  
I just wanna know
