

## Sweet Dreams

### Lost Frequencies

Sweet dreams, I'm falling too deep in your love  
I'm drowning, God can you hear me up above?  
Like an old ghost you'll never go  
Like an old ghost you're staying close  
But I can feel that down low  
I fight for hope  
But I can feel it that down low  
I fight to let go  
Oh I need your love  
And I know that you're missing mine  
Oh I need your love  
And I know that you're missing mine

Sweet dreams, I keep on crawling back to you  
And I feel, I'll never make it without you  
And I never thought that I would be safe and sound  
Oh darling your words have kept me underground  
Oh I need your love  
And I know that you're missing mine  
Oh I need your love  
And I know that you're missing mine

Sweet dreams  
You turn my heart upside down

So get back home  
Home  
So get back home  
Home

So get back home  
Home  
So get back home  
Home
