

# Trouble

## Lost Frequencies

Fill this world with full of trouble  
Got to find a way  
Absent time but good old time  
None have to be afraid  
To say what you want  
Say what you need  
Say what the feel is like

(Fill this world with full of trouble  
Got to find a way  
Absent time but good old time  
None have to be afraid  
To say what you want  
Say what you need  
Say what the feel is like)

Say what you want  
Say what you need  
Tell me what's on your mind  
Say what you want  
Say what you need  
Tell me what's on your mind

Fill this world with full of trouble  
Got to find a way  
Absent time but good old time  
None have to be afraid  
To say what you want  
Say what you need  
Say what the feel is like
