## Lost Kings

Hold me  
Closer  
Come back do us over  
Sunny up my silver skies  
I've been  
Chasing  
The high you created  
Speeding down the 405

Drawing hearts in the sand  
I could never say goodbye  
Now you're stuck in my head

I've been having dreams about  
You you you you  
You you yo-o-o-o-ou ooh ooh ooh  
I've been having dreams about  
You you you you  
You you yo-o-o-o-ou ooh ooh ooh

I've been having dreams about  
You you you you  
You you yo-o-o-o-ou ooh ooh ooh  
I've been having dreams about  
You you you you  
You you yo-o-o-o-ou ooh ooh ooh

I've been having dreams about you

I've been having dreams about you

Hold me  
Closer  
Come back, do us over  
See through me like cellophane  
I've been  
Trying  
To see the horizon  
But all I'm seeing is your face

Drawing hearts in the sand  
I could never say goodbye  
Now you're stuck in my head

I've been having dreams about  
You you you you  
You you yo-o-o-o-ou ooh ooh ooh  
I've been having dreams about  
You you you you  
You you yo-o-o-o-ou ooh ooh ooh

I've been having dreams about  
You you you you  
You you yo-o-o-o-ou ooh ooh ooh  
I've been having dreams about  
You you you you  
You you yo-o-o-o-ou ooh ooh ooh

I've been having dreams about you

I've been having dreams about  
You you you you  
You you yo-o-o-o-ou ooh ooh ooh  
I've been having dreams about  
You you you you  
You you yo-o-o-o-ou ooh ooh ooh

I've been having dreams about  
You you you you  
You you yo-o-o-o-ou ooh ooh ooh  
I've been having dreams about  
You you you you  
You you yo-o-o-o-ou ooh ooh ooh

I've been having dreams about you
