

# Hurt

## Lost Kings

You know we got all these friends in common  
So you run your mouth 'cause you always want a problem  
But I know I'm good without you  
And I don't think about you  
So I won't go down and meet you at the bottom, yeah

I'm not calling  
And my heart's not falling for you  
I got me up on my mind  
You should know I cut my ties  
I, I know that you know  
I loved letting you go  
And now you can't let it go

Heard you think I'm hurt  
Said I'm losing sleep  
Yeah, you fucked me over, but I'm over you and me  
Didn't even cry  
So now it's guaranteed  
You're gonna spend forever, ever thinking about me, oh  
You can say whatever you want  
You can say whatever you want (Yeah)  
You can say whatever you want  
Boy, what kinda pill are you on?  
Heard you think I'm hurt, hurt  
I promise I'm not hurt, hurt  
I promise I'm not

Hurt, hurt  
I promise I'm not hurt, hurt  
I promise I'm not hurt, hurt  
I promise I'm not hurt, hurt  
I promise I'm not

You know that I'm better and you hate it (You hate it)  
So I throw myself a party celebrating (Mmm)  
'Cause I know I'm good without you  
Don't even think about you  
'Cause you always wanna make it complicated, yeah

I'm not calling  
And my heart's not falling for you  
I got me up on my mind  
You should know I cut my ties  
I, I know that you know  
I loved letting you go  
And now you can't let it go

Heard you think I'm hurt  
Said I'm losing sleep  
Yeah, you fucked me over, but I'm over you and me  
Didn't even cry  
So now it's guaranteed  
You're gonna spend forever, ever thinking about me, oh  
You can say whatever you want  
You can say whatever you want (Yeah)  
You can say whatever you want

Boy, what kinda pill are you on?  
Heard you think I'm hurt, hurt  
I promise I'm not hurt, hurt  
I promise I'm not

Hurt, hurt  
I promise I'm not hurt, hurt  
I promise I'm not hurt, hurt  
I promise I'm not hurt, hurt  
I promise I'm not  
You can say whatever you want  
You can say whatever you want (Yeah)  
You can say whatever you want  
Boy, what kinda pill are you on?  
Heard you think I'm-  
You can say whatever you want  
You can say whatever you want (Yeah)  
You can say whatever you want  
Boy, what kinda pill are you on?

Heard you think I'm hurt, hurt  
I promise I'm not hurt, hurt  
I promise I'm not
