

# I Do

Lost Kings

Everybody is average, give a fuck about a bad bitch  
If I ain't getting you, then I don't want nobody  
Nobody at all  
And I made my mistakes I know, it's on me, but it's hard to let  
go  
Non-stop how you haunt me, still hoping you'll call  
You'll call me

Don't want to bother, you promise I'm trying to  
Move it along, but I can't

'Cause I've been losing sleep, I've been losing my mind  
Ever since you left I'm just wasting my time  
Been smoking, drinking, acting up, pretending you ain't mess me  
up  
Like I ain't give a fuck, but I do  
Wish I didn't give a fuck but I do, yeah yeah yeah  
Wish I didn't give a fuck but I do

I've been on some dumb shit, I'm just moving on quick  
I ain't crying over you, wait I think I might be  
Still wishing you'd call  
I've been going all night, bleeding all the bars dry  
Wish you could tell me what to do, 'cause you done make me feel  
right  
But you're gone and that's all

Don't want to bother, you promise I'm trying to  
Move it along, but I can't

'Cause I've been losing sleep, I've been losing my mind  
Ever since you left I'm just wasting my time  
Been smoking, drinking, acting up, pretending you ain't mess me  
up  
Like I ain't give a fuck, but I do  
Wish I didn't give a fuck but I do, yeah yeah yeah

Yeah yeah yeah  
Wish I didn't give a fuck but I do, yeah yeah yeah

Yeah yeah yeah  
Wish I didn't give a fuck but I do, yeah yeah yeah

Cause I still didn't give a fuck but I do
