

PROMISES

Lost Kings

Picking up the pieces in the dark
(Dark, dark, dark, dark, dark, dark, dark, dark)

[?] with you
Can it be just us?
(Just us, just us, just us, just us)

I don't fall too hard with you
Can it be just us?

I took your promises
I gave you all my love
I gave you all my heart
I'm picking up the pieces in the dark
I took your promises
And I gave you all my heart
I gave you all my love
(Love, love, love, love, love, love)

Gave you all my love
(Love, love, love, love, love, love)
Gave you all my love
(Love, love, love, love, love, love)

Ga-ga-gave you all my love
(Love, love, love, love, love, love)

P-p-picking up the pieces in the dark
(Dark, dark, dark, dark, dark, dark, dark, dark)
