

# Remind Me

Lost Kings

I know that I gotta get over you  
Tell me how do I get over you  
I can't look away, I can't look at you  
It's like you know what I'm bout to do

W-e-e-e we saw it coming for a while  
My ambition and your restless mind

I tried to hold it together  
But once it gets bad it ain't getting better  
Was holding out hope for forever  
But once it gets bad, no it ain't getting better

Mind me, remind me  
Losing you to find me  
Oh, remind me  
Losing you to find me  
Mind me, remind me  
Losing you to find me  
Oh, remind me  
Losing you to find me

Oh, remind me  
Losing you to find me

Single is a sin if you're lonely well you don't matter  
She's the perfect wife she's so nice she's a go getter  
So go get her

W-e-e-e we saw it coming for a while  
But I miss you and our messy life

Yeah, I tried to hold it together  
But once it gets bad it ain't getting better  
Was holding out hope for forever  
But once it gets bad, no it ain't getting better

Mind me, remind me  
Losing you to find me  
Oh, remind me  
Losing you to find me  
Mind me, remind me  
Losing you to find me  
Oh, remind me  
Losing you to find me

Oh, remind me  
Losing you to find me
