Lost Kings

I don't know, don't know how it seems but
I ain't tryna take your freedom
I just wanna know where your heart's at
It's been so long since you text back
Got me wondering what happened
I've seen them pictures of you laughing
I don't wanna run and attempt to
To tell you how I feel about you

No, I don't wanna overthink
But I don't wanna miss a thing
Not expecting anything
I'm just asking you to

Try to believe I'm the one for you
Try to see it from the other side
Baby, give me a night or two
'Cause you know if I could I would try
To put nobody before you
Give you all of me 'til I die
Baby, give me a night or two
'Cause you know if I could I would try

You let me, let me, let me love you
But only, only when you want to
It's good that we're both staying busy
I just wanna know if you miss me
Take a second and imagine
See it all before it happens
If you feel the vibe make it times two
You don't have to ask, you know I do (You know I do)

No, I don't wanna overthink
But I don't wanna miss a thing
Not expecting anything
I'm just asking you to

Try to believe I'm the one for you
Try to see it from the other side
Baby, give me a night or two
'Cause you know if I could I would try
To put nobody before you
Give you all of me 'til I die
Baby, give me a night or two
'Cause you know if I could I would try
'Cause you know if I could I would try

Try to believe I'm the one for you
Try to see it from the other side
Baby, give me a night or two
I'm just asking you to

Try to believe I'm the one for you
Try to see it from the other side
Baby, give me a night or two
'Cause you know if I could I would try
To put nobody before you

Give you all of me 'til I die
Baby, give me a night or two
'Cause you know if I could I would try
'Cause you know if I could I would try
