

# You

## Lost Kings

You got me, baby, I got you back  
Looking at you, thinking about  
All of the ways that you know me  
I can't get enough  
We got the future, but in the past  
Good and the bad, making it last  
We are what I want and I want what I already got

When you come through the room  
I know that you know  
If you fall, I will be there  
Let's light up like the moon  
Yeah, we're taking off, make it even brighter

That's what I like about you (hey-ey)  
That's what I li-li-li-li-like  
Tell me what you gonna do  
You know that I want you, won't ya (You know that I need you)  
That's what I like about you (hey-ey)  
That's what I li-li-li-li-like  
When you put me in the mood (hey-ey)  
That's what I li-li-li-li-like  
That's what I like about you  
That's what I like about you

Together, forever, forever for real  
Close your eyes, we will forget what we know  
Just jump in and let's go for a ride  
All through the night, all through the day  
Turn up the light, show me the way  
Oh, what I want and I want what I already got

When you come through the room  
I know that you know  
If you fall, I will be there  
Let's light up like the moon  
Yeah, we're taking off, make it even brighter

That's what I like about you (hey-ey)  
That's what I li-li-li-li-like  
Tell me what you gonna do  
You know that I want you, won't ya (You know that I need you)  
That's what I like about you (hey-ey)  
That's what I li-li-li-li-like  
When you put me in the mood (hey-ey)  
That's what I li-li-li-li-like  
That's what I like about you  
That's what I like about you

When you call my name  
When you pull me in  
When you kiss my lips  
Hey, that's what I like  
When you look like that  
Make me feel like this  
Baby, don't forget  
Hey, that's what I like (hey-ey)

That's what I li-li-li-li-like  
Tell me what you gonna do  
You know that I want you, won't ya (You know that I need you)  
That's what I like about you (hey-ey)  
That's what I li-li-li-li-like  
When you put me in the mood (hey-ey)  
That's what I li-li-li-li-like  
That's what I like about you  
That's what I like about you
