

# F.F.E. (Fucked For Eternity)

Lost Society

Go!

Uuh fuck!

Go!

Lost my job to a scholar, bought a beer with my last dollar  
I think it's safe to say I might as well just go  
Some things just don't change, no, oh throw me a fucking bone  
It's 10 a.m., far too early to get stoned?!

I'm breaking out, loud and clear  
You'll hear me fuckin' scream  
Slave grinding to the limit  
My fate is clear

You know I've been, and I'll be  
Fucked for, eternity, eternity, eternity  
Fucked for eternity, eternity, eternity  
Fuck you!
