LostAlone

When I close my eyes I see a faint red glow
A first world desire to design our hope
You'll only find yourself if you let go
With a cast of thousands we are chasing home
A right to existence and to be alone
They're never gonna believe us when we're gone
You'll only find yourself if you let go
I never read the script or changed my role
I'm just confiding in the great unknown
They're never gonna believe us when we're gone
You'll only find yourself if you let go
And we illuminate
All the dreams that we shared shall not go to waste
This is our crusade
And our future we wear as a badge of faith
I was born so I've been told
(we've been born so we've been told)
To walk this path until we grow old
(to walk this path until we grow old)
Tread water never break the mould
And define what will make you real
All your hopes all your dreams
All your love all your screams
All your life you've completed
You'll only find yourself if you let go
yeah yeah yeah yeah
Well I'm never gonna find my way to stop
yeah yeah yeah yeah
