

# Everyday Combat

Lostprophets

Bar Fight, week night  
You don't look right, poor mite, no bite  
Wake up, first light  
This is what we live and what we see...  
Dance club, strip light  
Get drunk, no sight, watch it ignite  
Live it up tonight  
Nobody really cares, but it's not for me...

So raise your glass my son  
We're telling everyone

Living in everyday combat  
Day to day commuter riot  
Shot down, dancing in the DMZ  
(And we)  
Walk on, streets on fire  
Caged in with razor wire  
Shot down, living in the DMZ  
Living in the DMZ

Times up, let's go, all that we know  
Release tension, you're my hero  
After dark, terror in the town high street  
And I know you can't stop full throttle  
Get involved mate, broken bottle  
(Invasion) Panic on the cold concrete

So raise your glass my son  
We're telling everyone...

Living in everyday combat  
Day to day, commuter riot  
Shot down, dancing in the DMZ  
(And we)  
Walk on, streets on fire  
Caged in with razor wire  
Shot down, living in the DMZ  
Living in the DMZ  
Living in the DMZ  
Living in the DMZ

Right... Yeah...

Let's go

Living in everyday combat  
Day to day, commuter riot  
Shot down, dancing in the DMZ  
(And we)  
Walk on, streets on fire  
Caged in with razor wire  
Shot down, living in the DMZ  
Living in the DMZ

Oh yeah, oh yeah

Living in the DMZ

Oh right, oh yeah

Living in the DMZ

Don't think you're safe 'cause it's not over... (16x)
