

Obliterate

Lotus Eater

You were the one who kept me afloat when I needed it
Now, you are the one that puts me down more than before

And I don't deserve it, no
I don't need it, I don't need it anymore

Whose ready for a mind fuck?

I (Just don't have the) will (So I'll just)
Obliterate your consciousness (Obliterate your consciousness)
I (Just don't have the) will (So I'll just)
Obliterate your consciousness (Obliterate your consciousness)
I (I) will (Will)
Obliterate your consciousness
I (Just don't have the) will (So I'll just)
Obliterate your consciousness

And I don't deserve it, no
I don't need it, I don't need it anymore

I (Just don't have the) will (So I'll just)
Obliterate your consciousness (Obliterate your consciousness)
I (Just don't have the) will (So I'll just)
Obliterate your consciousness (Obliterate your consciousness)
I (I) will (Will)
Obliterate your consciousness
I (Just don't have the) will (So I'll just)
Obliterate your consciousness

These waves
These waves will erase your name
These waves
These waves will erase your name
Without a trace

These waves
These waves will erase your name
The pain is now absent from the core of my brain
Core of my brain
This time around, I'm recharged and ready
Next time around, you'll be sorry you met me
You'll be sorry you met me

Ooh, ooh, ooh, ooh
Thank you
