

## When You Dance

Lou Christie

When you dance be sure to hold her, hold her tight  
When you dance you'll squeeze her, yeah with all your might  
Such a thrill, oh when she's close to you  
Well, hold her tight when you dance

When you dance you'll feel the warmth of her embrace  
Then you'll know this feeling, yeah is no disgrace  
Such a thrill, oh when she's close to you  
Well, hold her tight when you dance

You may do a rhumba or a tango  
Mambo, calypso or a strand

Lights are turned down low  
You go hand in

When you dance be sure to hold her, hold her tight  
When you dance you'll squeeze her, yeah with all your might  
Such a thrill oh when she's close to you  
Well, hold her tight when you dance

When you dance be sure to hold her, hold her tight  
When you dance you'll squeeze her, yeah with all your might  
Such a thrill, oh when she's close to you  
Well, hold her tight when you dance
