

## Let's Fall in Love All Over Again

Lou Rawls

You have no right to treat me  
The way you do  
Things can't go on this way  
So meet me at the same place  
We fell in love before  
So we can fall in love all over again

Close your eyes  
And I'll wipe away your tears  
Pretend I'm just a friend  
And then meet me at the same place  
We fell in love before  
So we can fall in love all over again

Close the door  
And forget about the past  
Let's start things anew  
Fill your heart  
With everlasting love  
For the one you'll adore  
I'll be that one you're waiting for

So goodbye, goodbye  
Goodbye, my love  
I leave you as a friend  
So meet me at the same place  
We fell in love before  
So we can fall in love all over again

You walked away girl  
Now find your way back into my world  
Let me take you by my hand  
I know we'll find our love is planned  
Let's fall in love  
Fall in love all over again

We're gonna make it
