

Lemons

Loud Luxury

Ooh ooh
Think it's time to let you know
If it's never tell me so
You've got lemons on your lips
Now you're reaching

Ooh ooh
But your flame is burning me up
'Cause you're feeding us a bluff
Saying what you won't do
Playing by your own rules

Ooh ooh
Think it's time to let you know
If it's never tell me so
You've got lemons on your lips
Now you're reaching

Ooh ooh
But your flame is burning me up
'Cause you're feeding us a bluff
Saying what you won't do
Playing by your own rules

Everybody with somebody then somebody new
Let your heart beat, beat so softly, think it's overdue

Ooh ooh
Think it's time to let you know
If it's never tell me so
You've got lemons on your lips
Now you're reaching

Ooh ooh
But your flame is burning me up
'Cause you're feeding us a bluff
Saying what you won't do
Playing by your own rules
