

A Moment of Revelation

Loudness

Going home!
Freedom flight takaku
Enigma -shin tsugeru
A moment of revelation
I'll use my eyes and I'll see it
(Bright and shining)

Take me into another world
Right now
Who are the ones telling us the truth?
Sagashimotome
A moment of revelation
I close my eyes and I will feel it
(Loud and clear)

I'm afraid of my inner myself
Though I cannot be who I really am
I must believe the moment will come
The never ending search for truth

Your revelations!
All the keys□tsukami toru!
All the rules□subete o yudaneru!
A moment of revelation
I close my eyes and I will feel it
(Loud and clear)

I'm afraid of my inner myself
Though I cannot be who I really am
I must believe the moment will come
The never ending search for truth
