

# Crazy Samurai

Loudness

I've been treated like a crackpot  
Labeled a freak and whatnot  
Just a misfit of society  
With my wandering nature  
Living life catch-as-catch-can  
Born rebel - Call me samurai

Let my instinct have its way  
Take me where it may  
Sharp blade shines with intuition  
Bathe in honor and respect  
Code of warrior to protect  
Pave the path to your own future

I'm talkin' about Crazy Samurai  
Crazy crazy  
That's what they call me - A big time samurai  
I'm talkin' about Crazy Samurai  
Crazy crazy  
That's what I wanna be - A big time samurai

High strung drunken bastard  
Reality becomes so damn blurred  
'Til I see the fire or clouds

Heaven or hell it depends  
Who you ask Satan or God  
We are in a temptation world

Caving to nasty greed  
The devil smiles 'cause he succeeds  
You can run but you can't hide

No escape - No salvation  
Trapped in pain no redemption  
Forever lives Crazy Samurai

I'm talkin' about Crazy Samurai  
Crazy crazy  
That's what they call me - A big time samurai  
I'm talkin' about Crazy Samurai  
Crazy crazy  
That's what I wanna be - A big time samurai

Don't stop moving  
We're gonna make you lose control  
You got the feeling I got the feeling  
Say "Ride on, ride on!"  
Say "Ride on, ride on!"  
You got a feeling all right yeah!  
You got a feeling all right yeah!

Say yeah yeah! Say yeah yeah! Say yeah! YEAH!  
Say yeah yeah! Say yeah yeah! Say yeah! YEAH!

I'm talkin' about Crazy Samurai  
Crazy crazy

That's what they call me - A big time samurai  
I'm talkin' about Crazy Samurai  
Crazy crazy  
That's what I wanna be - A big time samurai

Don't stop moving  
We're gonna make you lose control  
You got the feeling I got the feeling  
Say "Ride on, ride on!"  
Say "Ride on, ride on!"  
You got a feeling all right yeah!  
You got a feeling all right yeah!
