

# Dogshit

Loudness

Powergame  
In this burning flame  
Nothing is real  
Nothing is free  
Walking blind  
Nothing is clear  
Mumbling  
Down on New York street

Another lie  
Another heartbreak  
Violence  
Changing history  
City burns  
Will never learn  
Destroys the mind  
And eat you up

Everywhere I look  
Every man in pain  
Dreams die young  
Everything they take  
It's my turn  
It's time to learn  
Ain't no future  
In my world

Dogshit on my bike boots  
Rotten stinking side walks  
Beggars needing something  
But no one even talks

Powergame  
In this burning flame  
Nothing is real  
Nothing is free  
Walking deaf  
I can not hear  
All the noises in my ear

I start to choke  
Dust and smoke  
It ain't no joke  
My heart is broken  
Another lie  
To keep me alive  
But time is up  
Gotta move on!

Everywhere I look  
Every man in pain  
Dreams die young  
Everything they take  
It's my turn  
It's time to learn  
Ain't no future  
In my world

Dogshit on my bike boots  
Rotten stinking side walks  
Beggars needing something  
But no one even talks
