

# Don't Know Nothing

Loudness

I'm so freezing - help me out  
Cannot stop shivering - let me out

Help me out  
Don't know how to grab your real soul  
Don't know how - losing control  
Don't know nothing

You were never in my arms  
But don't despise me  
Don't wanna be alone alone  
Don't disappear now  
Don't wanna be alone alone  
Never say good night  
Never say good bye  
I don't wanna leave you now

I'm so scared - help me out  
I'm in despair - let me out

Let me out  
Don't know what I wanted from you  
Don't know what - you were not true  
Don't know nothing

You were never in my arms  
But you were blissful in my dream  
Don't wanna be alone alone  
I'll never forget you - I'll never hate you  
Just don't wanna be alone alone  
Never say good night  
Never say good bye  
I don't wanna leave you now

You were never in my arms  
But don't despise me  
Don't wanna be alone alone  
Don't disappear now  
Don't wanna be alone alone  
Never say good night  
Never say good bye  
I don't wanna leave you now

Never say good night  
Never say good bye  
Don't wanna leave you - no no
