

## Down 'n' Dirty

Loudness

New kid in town  
He likes getting 'round  
Looking for new things to do  
Oh, he likes to play  
Most any game  
And he wants to play with you

When he comes around  
Oh, he takes it all the way  
He's moving up and down  
He gets right in you

Down, down, down  
Down 'n' dirty  
Down, down, down  
Down 'n' dirty

Oh, he just might stay  
If you wanna play  
Like a cat, he's on the prowl  
I know what I wanna do  
What I wanna do to you  
I'm gonna make it stick like glue

Moving in and out  
In the alley or the street  
Oh, I'll show you how  
How to play me

Down, down, down  
Down 'n' dirty  
Down, down, down  
Down 'n' dirty

Just like a pussycat in heat  
You're always scratching at the post  
Red light, green light, go

Slip inside, it's suicide  
Take you for a ride  
Meet mr. Hyde  
Gonna turn the tide for you  
Slip inside, it's suicide  
Take you for a ride  
Meet mr. Hyde  
Gonna turn the tide for you

When he comes around  
Oh, he takes it all the way  
Moving up and down  
He likes to get you

Down, down, down  
Down 'n' dirty  
Down, down, down  
Down 'n' dirty  
Down, down, down

Down 'n' dirty  
Down, down, down  
Down 'n' dirty
