

## Forbidden Love

Loudness

No more sacrifice livin' like everyone  
Hiding desire holding my anger  
Shake the world quake the ground  
Twist it around turn it upside down  
I gotta tell you  
It's my confession

I've been livin' in forbidden love  
Only showin' you a perfect smile  
Now's my time to shine

No more sacrifice searchin' for paradise  
Showin' desire shootin' balls' o fire  
Deep in the night in the shadow of light  
Dragon's sound rippin' the town  
I'll tell you more  
If you close the door

I've been livin' in forbidden love  
Takin' you on the ride  
Show you my secret side  
I've been livin' in forbidden love  
Only showin' you a perfect smile  
Now's my time to shine

Across the nation  
In another time  
Livin' like everyone  
No more sacrifice

I've been livin' in forbidden love  
Only showin' you a perfect smile  
Now's my time to shine

I've been livin' in forbidden love  
Takin' you on the ride  
Show you my secret side  
I've been livin' in forbidden love  
Only showin' you a perfect smile  
Now's my time to shine
