

# Hell Fire

Loudness

Oh! Oh! Oh!  
I can't turn away from my desire  
I gotta keep on, I want more  
I feel so low, and I need to know  
How to catch the rainbow  
I gotta feel the glow  
The hot halo  
It's Heaven's imitation  
I gotta feeling the night  
Will burn so bright  
Joyous damnation

Lost in the heat of your embrace  
I'm in you deep and I'm pushing  
Keep coming again, no end  
To the burning  
Feel the heat of my touch  
My eyes, my soul  
As we lose control  
Caught in the grip  
Shoot from the hip  
Can't stop the flow!

Woow Oh.. Hell Fire love  
Oh feel the flame  
Pleasure and pain  
Woow Oh.. Hellfire:...Yeah

Hellfire!  
Ogre fuck Ogre fuck  
God is in you  
Angel fuck angel fuck  
The Devil's in you  
God is in you  
God is in you  
Holy fuck holy fuck  
A Holy fuck you

The beauty of the sin  
The fire burns within  
Free your pearly gates  
Lost in love and hate  
Can't control the flame  
Making us insane  
Making us insane
