

Spellbound #9

Loudness

You so-called pacifist
God damn you make me pissed
Symbol of peace? Bullshit!
Disgrace of our flag
Rogue state mosquitos circle around your face
Hey, can't you swat it like a man can do?

Spellbound #9!
You are a buried land mine
Spellbound #9!
Bounded by spell number nine

Oh! Can you protect lives with your spell?
Oh! Break you spell
Brutal savage comes closing in

Break your spell
Wake to reality
Take a stand to tell the world
Break your spell
Left wing mentality
Stand our ground to save our land

She'd rather be invaded by her pal the deep red
He's happy to be killed
It's sin to train gun skill
The lousy neighbors
They don't wanna make them upset
The dragon lies in wait
The call them the justice

Spellbound #9!
You are a buried land mine
Spellbound #9!
Bounded by spell number nine

Oh yeah! Don't care about your ideology
Oh! Break your spell
Force us to repeat apologies

Break your spell
Wake to reality
Take a stand to tell the world
Break your spell
Left wing mentality
Stand our ground to save our land

A tyrant is hiding his brutality
All he cares family's prosperity
You've got to see through
You've got to expose his misdeeds

It's a national crisis we must realize
Blamed is pacifist in disguise
We're gonna stand
We're gonna stand for our land

Hey! Hey! Hey!

We're gonna fight
Mighty and proud
We'll stand tall

Only the victims suffer the pain
We gotta break the misery chain
This is our land
We're gonna fight for our land

When soldiers abroad is bleeding for peace
All we can do is to feed in some cash
Is this your "peace"?
Is this what we strived to be?

Hey! Hey! Hey!

We're gonna fight
Mighty and proud
We'll stand tall
