

# The King of Pain

Loudness

Reigning over the blood soaked land  
Cruelty and hate  
Anguish as a way of life  
Nothing left to fate

The Blood!  
Running in the streets  
Nothing left, no sign of peace  
No heroes to defeat

Bring it down!  
Light him up!  
The King of Pain  
Down!

Turning people into slaves  
Subjugate the weak  
Taking all that's pure and good  
Making life so bleak

Rise up!  
The time to stand is here

Tear it down  
Burn him out  
The King of Pain

Show him your might  
Cast away fright  
Burn up the night  
Rise up and fight

Make him crawl!  
Die!  
Make him pay!

We will give him pain  
Make the law  
Something for us all  
Rise up  
A bloody end to pain  
Let it flow  
Anger we bestow

Tyrant! Die!  
Tyrant! Die!

"Nothing left to lose  
Your freedom is the only thing left to gain  
No mercy no quarter no remorse  
Bring the motherfucker down!"

Rise up! We'll give him pain  
Rise up! We'll end his reign  
Oh! Oh!  
Rise up! Blow him away!  
The king of pain....

The king of pain  
The king of pain

Bring it down!  
Light him up!  
Oh...The King of Pain  
Oh...The king of pain
