

## Voodoo Voices

Loudness

Searching light  
In deep hole of romance  
Evening child  
Take my hands & lead me  
Thru my mind  
Holdin' on my secret  
Faking smiles  
Laughter in the distance

Afraid of dark  
Outside of my window  
Stop my fear  
Dark side of city  
Must be dreamin'  
Must be dreamin'

Echo in the distance  
Voodoo voices  
Echo in the distance  
Voodoo voices
