# Reader and Advisor

**Loudon Wainwright III**

Can you help me please...
check the cards, read my palm,
personal tea leaves...
will i be a millionaire ?,
will true love come my way ?,
Reader and advisor,
I'll head what you say...

Reader and advisor,
Let me sit inside,
Your sitting room, and partake...
of the advice, that you provide.
Money is no object,
I will pay you well..
Reader and advisor,
My fortune you must tell..

Nothing can explain it,
its a mystery.
No one can axplain how..
You know their history.
some fools laugh at gypsy's
some fools call you a fake,
Reader and advisor,

We both know thats a mistake...

Reader and advisor,
does danger ly ahead ?..
will I lead a long life ?..
next week.. will i be dead ?..
whats around the corner ?..
whats in store for me..
Reader and advisor,
Is it catastrophy ?...

Reader and advisor,
will my dreams come true ?..
use you magic science..
show me what to do.
should I take some action ?,
or should I just lay it low ?..
Reader and advisor,
which way should i go ?.

Nothing can explain it,
its a mystery.
No one can axplain how..
You know their history.
some fools laugh at gypsy's
some fools call you a fake,
Reader and advisor,

We both know thats a mistake...
