

This Year

Loudon Wainwright III

Another year's gone
Here comes a new one
What's gonna happen?
This year

We're gonna make it
Not gonna take it
Make no mistake it's
This year

Last year was a fiasco
A real disaster
So full of sorrow

This year will be a great year
I just can't wait, dear
Until tomorrow

Forget the old pain
Sing a new refrain
Uncork the champagne
This year

No, it's not too late
We've got a clean slate
The future's our fate
This year

Last year was a fiasco
A real disaster
So full of sorrow

This year will be a great year
I just can't wait, dear
Until tomorrow

It's after midnight
I'm just a bit tight
Hey, but I'll be all right
This year

The year is brand new
The old one's all through
And it's time to kiss you
This year
