

Glamour Girl

Louie Austen

Everyday after work
I go to a book store around the corner
I`m going to look in for the glossy magazines
about fashion and style
and hope you`re inside
ummmm hmmm
when you walk, i feel like dancin`
all i want, is making love to you
when you move, the world gets groovy
all i do, is dream of you
you are great, you`re the top
you are grand, youre my star
