

All Night Long

Louis Prima

I wanna love you all night long
Nobody but you, all night long
Yes, I wanna give ya a whole lot of kissin'
I wanna give ya the love you've been missin'
I want you to know that I love you true
And I'll do anything for you

You'll never be blue all night long
And I'll always be true all night long
Yes, darling, you must forgive me
If wanting to love you is wrong
But let me love you, all night long

Yes, darling, you must forgive me
If wanting to love you is wrong
But let me love you, all night long
(Kiss her, son, kiss her)
I wanna kiss you, all night long
(Hug her, hug her, Sam, hug her)
I wanna hug ya, all night long
(Kiss her once more, son)
I wanna kiss ya, all night long
(That's enough, Sam)
I wanna love you, all night long!
